## Major Projects and Collaborations

- October 2023 Principal Investigator - Maternal guilt: Measurement, correlates, and policy solutions in the Italian context (MatGuilt). Financed by the Italian Ministry for Education under the PRIN 2022 grant scheme (Bando Prin 2022 – Decreto Direttoriale n. 104 del 02-02-2022 – Settore ERC SH3 “The Social World and Its Diversity”). <https://www.spstrend.it/matguilt/>
- October 2021 – to date COVID-19 Policies for Gender Equality (COPE). Since October 2021 I have been collaborating as a project partner in the "COVID-19 Policies for Gender Equality (CoPE)" project. The project, based in the University of Konstanz (Germany) and led by Professor Susanne Strauss, aims to provide a comparative analysis of gender inequalities in the division of domestic and care work between couples and in the life satisfaction of men and women in four countries (Finland, Germany, Italy and the Netherlands) during and after the COVID-19 pandemic.
- January 2020-March 2023 CRONOS-2. Together with Prof. Vezzoni I have a member of the Italian team of the CRONOS-2 project, a development activity that aims to build skills in online comparative data collection. The project, born after the experience of CRONOS-1 and financed by the European Commission under the Horizon 2020 project, ESS-SUSTAIN-2 (agreement number 871063) provides for the participation of Italy in a web panel on a representative sample of Italian population offline for a total of six surveys carried out between June 2022 and March 2023.
- January 2019 – To date Member of the spsTREND lab ([www.spstrend.it](http://www.spstrend.it)). The spsTREND laboratory is a resource available to the Department of Social and Political Sciences of the University of Milan for conducting some of the research activities planned under the 2018-2022 government award project Departments of Excellence. SPS TREND's research topics include social transformation and political changes in Italy and Europe, investigated on the basis of individual data collected through mass surveys on representative samples of the target population.
- January 2017 – May 2019 Research team member for Italy's participation in Rounds 8 and 9 of the European Social Survey (ESS). Responsible for coordination of the questionnaire translation and for co-supervision of the CAPI implementation and testing.
